## NOTICE OF AVAILABILITY & INTENT TO ADOPT

### Draft Mitigated Negative Declaration Topanga State Park Public Use Improvements

The California Department of Parks and Recreation has prepared a Draft Mitigated Negative Declaration with the intent of adoption for the Topanga State Park Public Use Improvements in the City of Los Angeles.

The project will make improvements to public use facilities at three high-use areas within Topanga State park: Trippet Ranch, Hub Junction, and Los Liones Canyon. At Trippet Ranch, the project will restore the historic Skeet Lodge and improve the existing interpretive center by providing accessible pathways, exterior exhibits, and interpretive panels; and restoring the landscape to historic prominence. At Hub Junction, miscellaneous site improvements and an interpretive panel will be constructed. Work in the Los Liones area will construct park amenities including an entrance kiosk/gate, trailhead improvements and restroom, accessible pathways, interpretive facility improvements, natural creek restoration, native plant revegetation, a demonstration garden, and irrigation improvements.
